

## Cape Town, South Africa

# Cape Town, South Africa - Overview

Our projects are developed alongside local communities to ensure the work we do is ethical, responsible, and relevant to the needs of their communities. Our teams live and work alongside these communities, which allows us to offer sustainable and transformative experiences that provide real value where it is most needed.

Cape Town is officially one of the most beautiful cities in the world. Framed between oceans and mountains, it is surrounded by incredible natural beauty, with Table Mountain, one of the Seven Natural Wonders of the World, an absolute highlight. Cape Town is also a place of huge diversity where you can explore South Africa's culture, beaches, see penguins, whales (not guaranteed), vibrant food markets and visit Robben Island or District 6 museum to learn about Apartheid.

**Duration:** 14 Days

**Available:** February – November.

**ACCOMMODATION:** Our teams are currently housed in Muizenberg, just 3 minutes away from one of the most popular beaches in Cape Town's South Peninsula.

**CLIMATE:** Cape Town has a Mediterranean-style climate: wet and cool winters, dry and warm summers. The annual average temperature in Cape Town is a delightful 17 degrees celsius. During the months of March, April, May, October, November and December you are most likely to experience good weather with average temperatures that fall between 20 degrees Celsius (68°F) and 25 degrees Celsius (77°F).

The months of June, July and August have a high chance of rain. Cape Town has dry periods in January, February, November and December. The warmest month is January with an average maximum temperature of 26°C (78°F). The coldest month is August with an average maximum temperature of 17°C (62°F).

## Programme Focus

### COMMUNITY DEVELOPMENT

We partner with pre-schools caring for children between the ages of 6 months and 7 years. These schools offer children from disadvantaged backgrounds an invaluable head start to their education and future, with a specific emphasis on helping them to prepare for their next step to primary school.

Unfortunately, understaffed and lacking in essential resources, these schools struggle to meet the needs of the children. Students help the classes come alive, assisting teachers with lesson planning, and making real progress for the next step to enter school.

At an after-school care program set up to provide a safe space for children in the vulnerable hours after school finishes, students can help to plan and implement fun and educational games. These always have an emphasis on developing important life skills, such as teamwork and leadership.

Groups will rotate through activities, so may also be involved in providing homework support, craft-making, gardening, or holding a reading session. Your input and ideas are always welcomed as new inspiration, so this is the perfect place to share any unique skills and ideas you have.

Sample 14 day Cape Town Itinerary.

Insert itinerary here

This itinerary is an outline. All itineraries are tailored specifically for each school. 7, 10, 21 and 28 day Itineraries are also available. 21 and 28 day itineraries can be combined with our Greater Kruger Project
