

# Co-Curricular Programmes

Subjects covered include Biology, History and Geography.

Having spent 15 years working with local communities in sub-Saharan Africa, to address the environmental, climactic, societal and economic changes that the continent has seen, we are well placed to deliver educational and experiential programmes in South Africa.

Our trips cover topics such as:

- Apartheid
- Environmental Sustainability
- Bio-diversity pressures
- Human/Wildlife conflict
- The Impact of Climate change on Sub-Saharan Africa
- Wildlife Poaching
- The impact of globalisation on communities in Africa
- The Impact of Tourism on South Africa

Sites of Interest include:

- Apartheid Museum
- Blyde River Canyon, the world 3rd largest canyon.
- Cradle of Humankind, World Heritage Site
- Barberton, 'The Gold Rush' town

Our Co\_Curricular trips enable your students to look at these questions in more detail, while immersing themselves in on a life-enhancing African journey.

African Impact is an award-winning responsible travel organization that has been offering service-learning programs volunteer programs, internships, and expeditions across Africa for over 15 years.

What differentiates us from other providers is that we operate our projects full time and year-round. Our projects are developed alongside local communities to ensure the work we do is ethical, responsible, and relevant to the needs of their communities.

Our teams live and work alongside these communities, which allows us to offer sustainable and transformative experiences that provide real value where it is most needed.
